Index

A

Abdominal heterotaxia
Abdominal situs inversus with congenital duodenal stenosis: Rare association 55 (cr)

Abdominal shunt revision
Laparoscopy-assisted abdominal shunt revisions in children with hydrocephalus 60 (supI/shr)

Abdominal situs inversus
Abdominal situs inversus with congenital duodenal stenosis: Rare association 55 (cr)

Abdominal wall defect; congenital
A gastroschisis-like abdominal wall defect in the left hypochondrium. Case report and literature review 52 (cr)

Abscess; retroperitoneal
Rectal drainage: Unusual evolution of a psoas abscess 111 (cr)

Absent external genitalia
A complex, high cloacal malformation: Case report 182 (cr)

Achievement
A longitudinal study of cognitive abilities and achievement status of children with myelomeningocele and their relationship with clinical types 52 (supI/or)

Acute abdomen
Enteritis cystica profunda mimicking acute abdominal picture in a twelve-year-old boy 168 (cr)
Torsion of vermiform appendix: Value of ultrasonographic findings 376 (cr)

Acute hepatic failure
Does hepatocyte transplantation in a chemically induced acute hepatic failure make sense? 224 (or)
Effects of glucose on chemically induced acute hepatic failure in rats 282 (or)

Addison crisis
Cryopreservation and transplantation of fetal adrenal glands in adrenalectomized rats 240 (or)

Adhesions
Treatment of small-bowel obstruction by laparoscopy in children multicentric study 343 (or)

Aganglionosis
Colonic atresia associates with Hirschsprung's disease: It is not a diagnostic challenge? 378 (cr)
Functional and morphological examination of ganglionic and aganglionic distal gut from the lethal spotted mouse 234 (or)
Treatment of total colonic aganglionosis by a modified Martin procedure – a preliminary report 317 (cr)

Alport's syndrome
Esophageal leiomyomatosis in children: Report of a case and review of the literature 358 (cr)

Ammonium
Partial splenectomy, transposition of the spleen to the abdominal wall or splenohepatoplasty in portal hypertensive rats. Effects on portal venous pressure and homeostasis - microscopical appearance of the transposed spleen 155 (or)

Amniotic fluid
Amnio-allantoic fluid exchange for prevention of intestinal damage in gastroschisis II: Effects of exchange performed by using two different solutions 308 (or)

Amniotic fluid chloride
Intrauterine tracheal obstruction, a new treatment for congenital diaphragmatic hernia, decreases amniotic fluid sodium and chloride concentrations in the fetal lamb 320 (ab)

Amniotic fluid sodium
Intrauterine tracheal obstruction, a new treatment for congenital diaphragmatic hernia, decreases amniotic fluid sodium and chloride concentrations in the fetal lamb 320 (ab)

Anaesthesia
Anaesthesia for liver transplantation in cystic fibrosis patients 278 (or)
Inhaled nitric oxide in patients with cystic fibrosis during preoperative evaluation and during anaesthesia for lung transplantation 262 (or)

Anal agenesis
A complex, high cloacal malformation: Case report 182 (cr)

Anaplasia
A metastasizing model of anaplastic human Wilms tumor in the nude mouse 295 (or)

Androgen reception
Molecular biology and function of the androgen reception in genital development 125 (ab)

Animal model
Partial splenectomy, transposition of the spleen to the abdominal wall or splenohepatoplasty in portal hypertensive rats. Effects on portal venous pressure and homeostasis – microscopical appearance of the transposed spleen 155 (or)
Progress in developing animal models for biliary atresia 137 (or)

Anorectal anomalies
Neurovesical dysfunction in patients with anorectal malformations 95 (or)

Anorectal malformation
Multicystic kidney joined to the homolateral testis by an ectopic vas deferens: Embryological hypothesis for a new description 178 (cr)

Anorectal malformation; surgical technique
Concepts and considerations for repair of a severe cloacal anomaly 114 (cr)

Antegrade colonic enema
Bowel dysfunction in spina bifida - an American experience with the ACE procedure 37 (supI/or)

Antenatal ultrasound
Gastroschisis and total intestinal atresia 105 (cr)

Anterior and posterior combined arthrodesis
Surgical treatment of scoliosis associated with myelomeningocele 22 (supI/or)

No. 1 (February) = page 1– 64
No. 2 (April) = page 65–128
No. 3 (June) = page 129–192
No. 4 (August) = page 193–256
No. 5 (October) = page 257–320
No. 6 (December) = page 321–386
Suppl. I (December) – page 1– 76

ab = Abstracts
cr = Case reports
ed = Editorial
or = Original articles
pa = Presidential address
rev = Review article
shr = Short reports
supI = Supplement I

Aortosternopexy
Utility of helical CT for diagnosis and operative planning in tracheomalacia after repair of esophageal atresia 355 (cr)

Apoptosis
Cell death in the brain of the HTx rat 43 (supl/or)

Appendicostomy
Bowel dysfunction in spina bifida - an American experience with the ACE procedure 37 (supl/or)

Appendicovesicostomy
The place of Mitrofanoff neourethra in the repair of exstrophy-epispadias complex 352 (or)

Appendicular torsion
Torsion of vermiform appendix: Value of ultrasonographic findings 376 (cr)

Appendix
The place of Mitrofanoff neourethra in the repair of exstrophy-epispadias complex 352 (or)
Torsion of vermiform appendix: Value of ultrasonographic findings 376 (cr)

Aqueduct stenosis
Aqueduct stenosis as a cause of hydrocephalus 36 (supl/ab)

Ascending testis
Incomplete disappearance of the processus vaginalis as a cause of ascending testis 126 (ab)

Askin tumor
Askin tumors in children: A report of four cases 312 (cr)

Atrial ventricular measurements
Pre-natal brain development of fetuses with a myelomeningocele 15 (supl/or)

Autosomal recessive disorder
Jeune's asphyxiating thoracic dystrophy of the newborn 100 (cr)

B

Bacterial translocation
Bacterial translocation and T-lymphocyte populations in experimental short-bowel syndrome 247 (or)

Balloon dilatation
Balloon dilatation of oesophageal strictures in children 9 (or)

Bands
Treatment of small-bowel obstruction by laparoscopy in children multicentric study 343 (or)

Beck's operation
Hypospadias repair using a modification of Beck's operation: Follow-up 125 (ab)

Behaviour problems
Mother and teacher reports of behaviour and perceived self-competence of children with hydrocephalus 5 (supl/or)

Bettex-Graf syndrome
Oro-palatal dysplasia Bettex-Graf – a new syndrome 4 (or)

Bilateral congenital cystic adenomatoid malformation; lung
Bilateral and multilobar cystic adenomatoid malformation of the lung 364 (cr)

Bilateral lung transplantation
Timing and priorities for cystic fibrosis patients candidates to lung transplantation 274 (or)

Bile duct atresia
Extrahepatic bile duct atresia: How efficient is the hepatoporto-enterostomy? 150 (or)

Bile peritonitis
Spontaneous perforation of choledochal cyst: A study of 13 cases 23 (or)

Biliary atresia
Long-term results and clinical problems after portoenterostomy in patients with biliary atresia 142 (or)
A multivariable risk factor analysis of the portoenterostomy (Kasai) procedure for biliary atresia. Twenty-five years of experience from two centers 191 (ab)
Progress in developing animal models for biliary atresia 137 (or)
Relationship between intraoperative cholangiographic patterns and outcomes in biliary atresia 146 (or)
Ultrasonographic "triangular cord": The most definitive finding for noninvasive diagnosis of extrahepatic biliary atresia 12 (or)

Biliary tract perforation
Spontaneous perforation of choledochal cyst: A study of 13 cases 23 (or)

Biodegradable polymer
Formation of spheroidal aggregates of hepatocytes on biodegradable polymers under continuous-flow bioreactor conditions 195 (or)

Bioreactor
Formation of spheroidal aggregates of hepatocytes on biodegradable polymers under continuous-flow bioreactor conditions 195 (or)

Bladder autoaugmentation
Bladder autoaugmentation in spina bifida: Selection of patients and follow-up in 12 cases 17 (supl/ab)

Bladder exstrophy
A complex, high cloacal malformation: Case report 182 (cr)
The place of Mitrofanoff neourethra in the repair of exstrophy-epispadias complex 352 (or)

Bladder neck reconstruction
The place of Mitrofanoff neourethra in the repair of exstrophy-epispadias complex 352 (or)

Bladder neck repair
Bilateral single ureteral ectopia: Difficulty attaining continence using standard bladder neck repair 126 (ab)

Bladder surgery
Intravesical morphine analgesia after bladder surgery 124 (ab)

Bladder; transitional cell carcinoma
Transitional cell carcinoma of the bladder in the pediatric patient 127 (ab)

Blood transfusion
Blood transfusion requirements in children with blunt spleen and liver injuries 322 (or)

Blunt injury
Blood transfusion requirements in children with blunt spleen and liver injuries 322 (or)

Blunt liver trauma
Blood transfusion requirements in children with blunt spleen and liver injuries 322 (or)

Blunt splenic trauma
Blood transfusion requirements in children with blunt spleen and liver injuries 322 (or)
Management of blunt splenic trauma: Significant differences between adults and children 191 (ab)

BMP
Stimulation of fracture healing by local application of humoral factors integrated in biodegradable implants 251 (or)

Bone morphogenic protein
Stimulation of fracture healing by local application of humoral factors integrated in biodegradable implants 251 (or)

Botulinum toxin
Botulinum toxin: Novel treatment for dramatic urethral dilatation associated with dysfunctional voiding 123 (ab)

Bowel obstruction
Treatment of small-bowel obstruction by laparoscopy in children multicentric study 343 (or)

Brain development; prenatal
Pre-natal brain development of fetuses with a myelomeningocele 15 (supl/or)

Brain edema
Cerebral ischemia reperfusion-induced vasogenic brain edema formation in rats: Effect of an intracellular histamine receptor antagonist 216 (or)

Brain morphology
Clinical, gross morphological and neurochemical follow-up in normal, hydrocephalic and hydrocephalic-shunted rats 258 (or)

Breast mass; child
Female breast masses during childhood: A 25-year review 67 (or)

Bronchopulmonary malformation
Tubular esophageal duplication associated with esophageal stenosis, pericardial aplasia, diaphragmatic hernia, ramification anomaly of lower lobe bronchus and partial pancreas anulare 102 (cr)

Budd-Chiari syndrome
Budd-Chiari syndrome following repair of a giant omphalocele 371 (cr)

Bunion deformity
Hallux valgus in young patients: Comparison of soft-tissue realignment and metatarsal osteotomy 42 (or)

Burns
Efficacy of cultured epithelial autografts in pediatric burns and reconstructive surgery 121 (ab)

C

Calcinosis
Tumoral calcinosis and atypical juvenile dermatomyositis: Case report 382 (cr)

Cancrum oris
Cancrum oris (noma) in children 47 (cr)

Cardiac arrest
Paediatric cardiac arrest during Hickman line insertion 121 (ab)

Cardiac output
Increased mediastinal pressure and decreased cardiac output during laparoscopic Nissen fundoplication 190 (ab)

Cardiac surgery
Factors affecting hypertrophic scar development in median sternotomy incisions for congenital cardiac surgery 320 (ab)

Cardiopulmonary hemodynamic criteria
Timing and priorities for cystic fibrosis patients candidates to lung transplantation 274 (or)

Cathepsin D
Hemorrhagic shock-induced changes in the cathepsin D activity in the intestinal wall and blood serum in rats 288 (or)

Caudal regression syndrome
Caudal regression syndrome: Management of 65 cases 30 (supl/ab)

Caustic injury
A critique of systemic steroids in the management of caustic esophageal burns in children 71 (or)

Cell death
Cell death in the brain of the HTx rat 43 (supl/or)

Cell transplantation
Effects of glucose on chemically induced acute hepatic failure in rats 282 (or)
Formation of spheroidal aggregates of hepatocytes on biodegradable polymers under continuous-flow bioreactor conditions 195 (or)

Cerebral ischemia reperfusion
Cerebral ischemia reperfusion-induced vasogenic brain edema formation in rats: Effect of an intracellular histamine receptor antagonist 216 (or)

Cerebrospinal fluid pressure
The relation between CSF pressure and ventricular dilatation in hydrocephalic HTx rats 55 (supl/or)

Chemotherapy
Thirty-eight years experience of malignant hepatic tumors in infants and childhood 17 (or)

Chemotherapy; preoperative
Rarity of surgical complications after postchemotherapy nephrectomy for nephroblastoma. Experience of the International Society of Paediatric Oncology – trial and study "SIOP-9" 83 (or)

Cholecystokinin
Expression of cholecystokinin and somatostatin in the cortex of hydrocephalic and normal HTx rats 65 (supl/shr)

Choledochal cyst
Spontaneous perforation of choledochal cyst: A study of 13 cases 23 (or)

Circumcision; complication
A serious circumcision complication: Penile shaft amputation and a new reattachment technique with a successful outcome 123 (ab)

Clean intermittend catheterisation
The place of Mitrofanoff neourethra in the repair of exstrophy-epispadias complex 352 (or)

Clear cell melanoma
Clear cell melanoma of the renal pelvis presenting as a primary tumor 127 (ab)

Cleft palate
Oro-palatal dysplasia Bettex-Graf – a new syndrome 4 (or)

Cloaca
Concepts and considerations for repair of a severe cloacal anomaly 114 (cr)

Cloacal malformation
A complex, high cloacal malformation: Case report 182 (cr)

Closed spinal dysraphism
Closed spinal dysraphism and tethered cord: Upper motor neuron sign detection as a major decision criterion for neurosurgical release 42 (supl/ab)

Cognitive function
A conceptual model of higher cortical function impairments in myelomeningocele 69 (supl/shr)

Collagen implantation
Failure to obtain durable results with collagen implantation in children with urinary incontinence 127 (ab)

Colonic atresia
Colonic atresia associated with Hirschsprung's disease: It is not a diagnostic challenge 378 (cr)

Congenital abdominal wall defect
A gastroschisis-like abdominal wall defect in the left hypochondrium. Case report and literature review 52 (cr)

Congenital duodenal stenosis
Abdominal situs inversus with congenital duodenal stenosis: Rare association 55 (cr)

Constipation
Desmosis of the colon: A working hypothesis of primary chronic constipation 299 (or)

Continence preservation
Treatment of total colonic aganglionosis by a modified Martin procedure – a preliminary report 317 (cr)

Continent urinary diversion
Continent urinary diversion: The Children's Hospital experience 125 (ab)

Cortical function impairments
A conceptual model of higher cortical function impairments in myelomeningocele 69 (supl/shr)

Cortical mantle
The relationship between CSF pressure and ventricular dilatation in hydrocephalic HTx rats 55 (supl/or)

Crash syndrome
The pachygyria-polymicrogyria spectrum of cortical dysplasia in X-linked hydrocephalus 10 (supl/or)

Cryopreservation
Cryopreservation and transplantation of fetal adrenal glands in adrenalectomized rats 240 (or)

Cryptorchidism
Late presentation of cryptorchidism: The etiology of testicular re-ascent 126 (ab)

CSF pressure
The relationship between CSF pressure and ventricular dilatation in hydrocephalic HTx rats 55 (supl/or)

CSF-shunt infection
CSF-shunt infection in paediatric patients with hydrocephalus 76 (supl/ab)

Cultured epithelial autografts
Efficacy of cultured epithelial autografts in pediatric burns and reconstructive surgery 121 (ab)

Cutaneous malignant melanoma
Cutaneous malignant melanoma in children and adolescents in Scotland, 1979–1991 127 (ab)

Cyclophosphamide-induced hemorrhage cystitis
Treatment of cyclophosphamide-induced hemorrhage cystitis with neodymium:YAG laser in pediatric patients 127 (ab)

Cystic fibrosis
Anaesthesia for liver transplantation in cystic fibrosis patients 278 (or)
Lung transplantation for cystic fibrosis 208 (or)
Timing and priorities for cystic fibrosis patients candidates to lung transplantation 274 (or)

Cystolithotomy; percutaneous
Percutaneous cystolithotomy with endotracheal tube tract dilatation after urinary tract reconstruction 124 (ab)

Cystosarcoma phylloides
Female breast masses during childhood: A 25-year review 67 (or)

D

Dermatomyositis
Tumoral calcinosis and atypical juvenile dermatomyositis: Case report 382 (cr)

Desmopressin
Desmopressin for nocturnal incontinence in the spina bifida population 192 (ab)

Desmosis coli
Desmosis of the colon: A working hypothesis of primary chronic constipation 299 (or)

Developing neural tube; genetic control
Guest lecture "genetic control of the developing neural tube" 48 (supl/ab)

D-galactosamine
Effects of glucose on chemically induced acute hepatic failure in rats 282 (or)

Diaphragmatic hernia; congenital
Intrauterine tracheal obstruction, a new treatment for congenital diaphragmatic hernia, decreases amniotic fluid sodium and chloride concentrations in the fetal lamb 320 (ab)
Recurrent congenital diaphragmatic hernia; Which factors are involved? 329 (or)

Dog model
Differential ventricular expansion in hydrocephalus 39 (supl/or)

Dorsal urethral duplication
Congenital prepubic sinus: Possible variant of dorsal urethral duplication 380 (cr)

Drug release system
Stimulation of fracture healing by local application of humoral factors integrated in biodegradable implants 251 (or)

Duodenal atresia
Murine duodenum does not go through a "solid core" stage in its embryological development 212 (or)

Duodenal stenosis; congenital
Abdominal situs inversus with congenital duodenal stenosis: Rare association 55 (cr)

Duplication cyst
Giant omphalocele filled by a duplication cyst 315 (cr)

E

ECMO
Recurrent congenital diaphragmatic hernia; Which factors are involved? 329 (or)

Ectopia; vas deferens
Multicystic kidney joined to the homolateral testis by an ectopic vas deferens: Embryological hypothesis for a new description 178 (cr)

Ectopic gastric mucosa
Disseminated Islands of gastric mucosa in jejunum and ileum detected by technetium-99m-pertechnetate scintigraphy 191 (ab)

Electrolyte disorders
Transient pseudohypoaldosteronism in obstructive renal disease 174 (cr)

Electrosurgery
Electrosurgery for routine pediatric penile procedures 122 (ab)

Embryology
Murine duodenum does not go through a "solid core" stage in its embryological development 212 (or)

End stage bladder
Results of urinary tract reconstruction in boys with end stage bladders resulting from obstructive uropathy 122 (ab)

Endocrinological disorders
Endocrinological disorders in children with myelomeningocele 76 (supl/ab)

End-of-life decisions
Medical end-of-life decisions made for neonates and infants in the Netherlands 190 (ab)

Endopyelotomy
Long-term results of percutaneous endopyelotomy in the treatment of children with failed open pyeloplasty 320 (ab)

Endoscopic treatment
Treatment of vesico-ureteric reflux in the neurogenic bladder. Surgical versus endoscopic correction 54 (supl/ab)

Energy requirements
Nutritional survey of children and adolescents with myelomeningocele (MMC): Overweight associated with reduced energy intake 34 (supl/or)

Enteric nervous system
Morphologic alterations of the enteric nervous system and deficiency of non-adrenergic non-cholinergic inhibitory innervation in neonatal necrotizing enterocolitis 87 (or)

Enteritis cystica profunda
Enteritis cyctica profunda mimicking acute abdominal picture in a twelve-year-old boy 168 (cr)

Enzymuria
Changes of urinary enzyme activity after endoscopic treatment of vesico-ureteric reflux 244 (or)

Epispadia
The place of Mitrofanoff neourethra in the repair of exstrophy-epispadias complex 352 (or)

Equipment
Safety of surfaces and equipment for children in playgrounds 121 (ab)

Erectile dysfunction
Sexuality and reproductive issues in children with myelomeningocele 29 (or)

Esophageal atresia
Congenital esophageal atresia successfully treated by early ligation of a tracheoesophageal fistula and delayed repair of the esophagus in a premature infant: Report of a case 190 (ab)
Development of a true primary repair for the full spectrum of esophagel atresia 190 (ab)
Utility of helical CT for diagnosis and operative planning in tracheomalacia after repair of esophageal atresia 355 (cr)

Esophageal burn; management
A critique of systemic steroids in the management of caustic esophageal burns in children 71 (or)

Esophageal leiomyomatosis
Esophageal leiomyomatosis in children: Report of a case and review of the literature 358 (cr)

Esophageal stenosis
Tubular esophageal duplication associated with esophageal stenosis, pericardial aplasia, diaphragmatic hernia, ramification anomaly of lower lobe bronchus and partial pancreas anulare 102 (cr)

Esophageal stricture
Balloon dilatation of oesophageal strictures in children 9 (or)

Experimental hydrocephalus
Differential ventricular expansion in hydrocephalus 39 (supl/or)
Experimental hydrocephalus: Some mechanisms of brain damage 58 (supl/ab)
In vivo ^{1}H and ^{31}P MRS metabolite ratios in experimental hydrocephalus 54 (supl/ab)

Experimental hydrocephalus; microglial response
The microglial response in experimental infantile hydrocephalus 62 (supl/shr)

External fixation
External fixation of lower limb fractures in children 35 (or)

Extracorporeal membrane oxygenation
Recurrent congenital diaphragmatic hernia; Which factors are involved? 329 (or)

F

Failed open pyeloplasty
Long-term results of percutaneous endopyelotomy in the treatment of children with failed open pyeloplasty 320 (ab)

Fecal incontinence
Bowel dysfunction in spina bifida – an American experience with the ACE procedure 37 (supl/or)
Control of fecal incontinence: Continued success with the Malone procedure 320 (ab)

Feeding tube; replaceable
Jejunostomy with replaceable feeding tube: A new technique 122 (ab)

Femur fracture
External fixation of lower limb fractures in children 35 (or)

Fetal adrenal transplantation
Cryopreservation and transplantation of fetal adrenal glands in adrenalectomized rats 240 (or)

Fetal diagnosis
Pre-natal diagnosis of occult spinal dysraphism by ultrasonography and post-natal evaluation by MR scanning 31 (supl/or)

Fetal experiment
Amnio-allantoic fluid exchange for the prevention of intestinal damage in gastroschisis III: Determination of the waste products removed by exchange 326 (or)

Fetal reflux nephropathy
Early versus late surgical management of fetal reflux nephropathy 122 (ab)

Fetal surgery
Hemodynamic alteration by fetal surgery accelerates myocyte proliferation in fetal guinea pig hearts 121 (ab)

Fibroadenoma
Female breast masses during childhood: A 25-year review 67 (or)

Fibrocystic disease
Female breast masses during childhood: A 25-year review 67 (or)

Fibrosis
Extrahepatic bile duct atresia: How efficient is the hepatoporto-enterostomy? 150 (or)

Fibula fracture
External fixation of lower limb fractures in children 35 (or)

Folic acid
Minimum effective dose of folic acid for food fortification to prevent neural-tube defects 320 (ab)

Folic acid receptor alpha
Mutations of folic acid receptor alpha in neural tube defects 9 (supl/ab)

Follow up
Modified Toupet wrap for gastroesophageal reflux in childhood 75 (or)

Fowler-Stephens orchidopexy
Effect of preoperative human chorionic gonadotropin in intra-abdominal rat testes undergoing standard and Fowler-Stephens orchidopexy 126 (ab)

Fragile site in chromosomes
Oro-palatal dysplasia Bettex-Graf – a new syndrome 4 (or)

Free graft hypospadia repair
Pantaloon spica cast: An effective method for postoperative immobilization after free graft hypospadias repair 191 (ab)

Functional examination
Functional and morphological examination of ganglionic and aganglionic distal gut from the lethal spotted mouse 234 (or)

Furosemide
Renal Doppler ultrasound in children with obstructive uropathy: Effect of intravenous normal saline fluid load and furosemide 124 (ab)

G

Gangrenous stomatitis
Cancrum oris (noma) in children 47 (cr)

Gastroesophageal reflux
Extended hiatoplasty – a simple maneuver to lengthen the intraabdominal esophagus during abdominal fundoplication 304 (or)
Reoperation after Nissen fundoplication in children with gastroesophageal reflux 191 (ab)

Gastroesophageal reflux; children
Modified Toupet wrap for gastroesophageal reflux in childhood 75 (or)

Gastrointestinal bleeding
Disseminated Islands of gastric mucosa in jejunum and ileum detected by technetium-99m-pertechnetate scintigraphy 191 (ab)

Gastroschisis
Amnio-allantoic fluid exchange for prevention of intestinal damage in gastroschisis II: Effects of exchange performed by using two different solutions 308 (or)
Amnio-allantoic fluid exchange for the prevention of intestinal damage in gastroschisis III: Determination of the waste products removed by exchange 326 (or)
Gastroschisis and total intestinal atresia 105 (cr)
A gastroschisis-like abdominal wall defect in the left hypochondrium. Case report and literature review 52 (cr)

Genital development
Molecular biology and function of the androgen reception in genital development 125 (ab)

Gliosis
The microglial response in experimental infantile hydrocephalus 62 (supl/shr)

GTB orthoses
Presentation of GTB orthoses for hyperlordotic treatment of idiopathic scoliosis 163 (or)

Gut-associated lymphoid tissue
Bacterial translocation and T-lymphocyte populations in experimental short-bowel syndrome 247 (or)

H

Hallux valgus
Hallux valgus in young patients: Comparison of soft-tissue realignment and metatarsal osteotomy 42 (or)

Head circumference
Pre-natal brain development of fetuses with a myelomeningocele 15 (supl/or)

Helical computed tomography
Utility of helical CT for diagnosis and operative planning in tracheomalacia after repair of esophageal atresia 355 (cr)

Hemorrhage cystitis; cyclophosphamide-induced
Treatment of cyclophosphamide-induced hemorrhage cystitis with neodymium:YAG laser in pediatric patients 127 (ab)

Hemorrhagic shock
Hemorrhagic shock-induced changes in the cathepsin D activity in the intestinal wall and blood serum in rats 288 (or)

Hepatectomy
Thirty-eight years experience of malignant hepatic tumors in infants and childhood 17 (or)

Hepatic venous thrombosis
Budd-Chiari syndrome following repair of a giant omphalocele 371 (cr)

Hepatitis; neonatal
Ultrasonographic "triangular cord": The most definitive finding for noninvasive diagnosis of extrahepatic biliary atresia 12 (or)

Hepatoblastoma
The occurrence of liver growth factor in hepatoblastoma 133 (or)
Thirty-eight years experience of malignant hepatic tumors in infants and childhood 17 (or)

Hepatocyte
Formation of spheroidal aggregates of hepatocytes on biodegradable polymers under continuous-flow bioreactor conditions 195 (or)

Hepatocyte growth factor
The occurrence of liver growth factor in hepatoblastoma 133 (or)

Hepatocyte transplantation
Does hepatocyte transplantation in a chemically induced acute hepatic failure make sense? 224 (or)

Hepatoporto-enterostomy
Extrahepatic bile duct atresia: How efficient is the hepatoporto-enterostomy? 150 (or)

Hepatoporto-enterostomy; results
Extrahepatic bile duct atresia: How efficient is the hepatoporto-enterostomy? 150 (or)

Heterotopic pancreas
Heterotopic pancreatic tissue at umbilicus 373 (cr)

Hiatoplasty
Extended hiatoplasty – a simple maneuver to lengthen the intraabdominal esophagus during abdominal fundoplication 304 (or)

Hickman line insertion
Paediatric cardiac arrest during Hickman line insertion 121 (ab)

High imperforate anus
Endoscopic management of infected enlarged prostatic utricles and remnants of rectourethral fistula tracts of high imperforate anus 126 (ab)

Hirschsprung's disease
Colonic atresia associated with Hirschsprung's disease: It is not a diagnostic challenge 378 (cr)
Update on basic research on Hirschsprung's disease 131 (ed)

^{1}H-MRS
In vivo ^{1}H and ^{31}P MRS metabolite ratios in experimental hydrocephalus 54 (supl/ab)

HTx rat
Cell death in the brain of the HTx rat 43 (supl/or)
The relationship between CSF pressure and ventricular dilatation in hydrocephalic HTx rats 55 (supl/or)

Human chorionic gonadotropin; preoperative
Effect of preoperative human chorionic gonadotropin in intra-abdominal rat testes undergoing standard and Fowler-Stephens orchidopexy 126 (ab)

Hydrocephalus
Aqueduct stenosis as a cause of hydrocephalus 36 (supl/ab)
Cell death in the brain of the HTx rat 43 (supl/or)
Differential ventricular expansion in hydrocephalus 39 (supl/or)
Editorial 3 (supl/ed)
Expression of cholecystokinin and somatostatin in the cortex of hydrocephalic and normal HTx rats 65 (supl/shr)
Hydrocephalus in tuberculous meningitis: How good is the outcome and what affects the results? 75 (supl/ab)
Mother and teacher reports of behaviour and perceived self-competence of children with hydrocephalus 5 (supl/or)
Overnight shunt pressure monitoring in children 49 (supl/or)
Pitfalls in shunting of hydrocephalus – clinical reality and improvement by the hydrostatic dual-switch valve 26 (supl/or)
The relationship between CSF pressure and ventricular dilatation in hydrocephalic HTx rats 55 (supl/or)
Shunt nephritis: Fortuitous diagnosis and confirmation by serology (ASET) 66 (supl/shr)

Hydrocephalus; congenital
Induction of neuronal nitric oxide synthase during the late stage of congenital hydrocephalus in the HTx rat 14 (supl/ab)

Hydrocephalus; shunt infection
CSF-shunt infection in paediatric patients with hydrocephalus 76 (supl/ab)

Hydrocephalus in HTx rat
Clinical, gross morphological and neurochemical follow-up in normal, hydrocephalic and hydrocephalic-shunted rats 258 (or)

Hydromyelia
Anatomy of the spinal cord in patients with meningomyelocele with and without hypoplasia or hydromyelia 18 (supl/or)

Hydronephrosis; prenatally detected
Renal ultrasonography in newborns with prenatally detected hydronephrosis: Why wait? 125 (ab)

Hydrostatic valve
Pitfalls in shunting of hydrocephalus – clinical reality and improvement by the hydrostatic dual-switch valve 26 (supl/or)

Hyperhomocysteinemia
Risk factors for neural tube defects 75 (supl/ab)

Hyperlordosis
Presentation of GTB orthoses for hyperlordotic treatment of idiopathic scoliosis 163 (or)

Hypersplenism
The role of partial splenectomy in children with thalassemia 334 (or)

Hypertrophic scar
Factors affecting hypertrophic scar development in median sternotomy incisions for congenital cardiac surgery 320 (ab)

Hypoganglionosis
Morphologic alterations of the enteric nervous system and deficiency of non-adrenergic non-cholinergic inhibitory innervation in neonatal necrotizing enterocolitis 87 (or)

Hypoperistalsis syndrome
Desmosis of the colon: A working hypothesis of primary chronic constipation 299 (or)

Hypoplasia
Anatomy of the spinal cord in patients with meningomyelocele with and without hypoplasia or hydromyelia 18 (supl/or)

Hypospadias
Defects of the testosterone biosynthetic pathway in boys with hypospadias 127 (ab)
Pantaloon spica cast: An effective method for postoperative immobilization after free graft hypospadias repair 191 (ab)

Hypospadias repair
Hypospadias repair using a modification of Beck's operation: Follow-up 125 (ab)

Hypospadias surgery
Modified-Mathieu's technique: A variation of the classic procedure for hypospadias surgical repair 98 (or)

I

Icterus
Extrahepatic bile duct atresia: How efficient is the hepatoporto-enterostomy? 150 (or)

Idiopathic scoliosis; treatment
Presentation of GTB orthoses for hyperlordotic treatment of idiopathic scoliosis 163 (or)

IGF-1
Stimulation of fracture healing by local application of humoral factors integrated in biodegradable implants 251 (or)

Ileal augmentation cystoplasty
Impaired bone growth after ileal augmentation cystoplasty 192 (ab)

Ileum
Autogenic allotopic small-bowel mucosa transplantation in beagles. A new perspective for treatment of small-bowel syndrome? 230 (or)

Ilizarov apparatus
Melorheostosis: Complications of a tibial lengthening with the Ilizarov apparatus 186 (cr)

Immunohistochemistry
Morphologic alterations of the enteric nervous system and deficiency of non-adrenergic non-cholinergic inhibitory innervation in neonatal necrotizing enterocolitis 87 (or)
Hemorrhagic shock-induced changes in the cathepsin D activity in the intestinal wall and blood serum in rats 288 (or)

Impaired bone growth
Impaired bone growth after ileal augmentation cystoplasty 192 (ab)

Imperforate anus
Endoscopic management of infected enlarged prostatic utricles and remnants of rectourethral fistula tracts of high imperforate anus 126 (ab)

Infected urachal cyst
The infected urachal cyst: Primary excision versus a staged approach 125 (ab)

Infertility
Sexuality and reproductive issues in children with myelomeningocele 29 (or)

Inherited infantile hydrocephalus
The relationship between CSF pressure and ventricular dilatation in hydrocephalic HTx rats 55 (supl/or)

Insuline-like growth factor
Stimulation of fracture healing by local application of humoral factors integrated in biodegradable implants 251 (or)

Intelligence
Factors related to intelligence in myelomeningocele 73 (supl/ab)

A longitudinal study of cognitive abilities and achievement status of children with myelomeningocele and their relationship with clinical types 52 (supl/or)

Interferon
Progress in developing animal models for biliary atresia 137 (or)

Interventional cardiology
First clinical evaluation of a new concept for puncture-site occlusion in interventional cardiology and angioplasty 220 (or)

Intestinal atresia
Gastroschisis and total intestinal atresia 105 (cr)

Intestinal duplication
Cystic duplication of the rectum – report of two clinical cases 170 (cr)

Intestinal peptides
Functional and morphological examination of ganglionic and aganglionic distal gut from the lethal spotted mouse 234 (or)

Intestine
Hemorrhagic shock-induced changes in the cathepsin D activity in the intestinal wall and blood serum in rats 288 (or)

Intra-abdominal rat testes
Effect of preoperative human chorionic gonadotropin in intra-abdominal rat testes undergoing standard and Fowler-Stephens orchidopexy 126 (ab)

Intracellular histamine receptor
Cerebral ischemia reperfusion-induced vasogenic brain edema formation in rats: effect of an intracellular histamine receptor antagonist 216 (or)

Intracranial hypertension
Oligosymptomatic intracranial hypertension in myelomeningocele (MMC) patients never shunted. Results of a prospective study 76 (supl/ab)

Intracranial pressure
Optic nerve sheath (ONS) ultrasonography – A window to assess intracranial pressure in hydrocephalus 74 (supl/ab)
Quantitative assessment of intracranial pressure by the tympanic membrane displacement audiometric technique in children with shunted hydrocephalus 200 (or)

Intraoperative cholangiography
Relationship between intraoperative cholangiographic patterns and outcomes in biliary atresia 146 (or)

Intrauterine tracheal obstruction
Intrauterine tracheal obstruction, a new treatment for congenital diaphragmatic hernia, decreases amniotic fluid sodium and chloride concentrations in the fetal lamb 320 (ab)

Intravenous normal saline fluid
Renal Doppler ultrasound in children with obstructive uropathy: Effect of intravenous normal saline fluid load and furosemide 124 (ab)

Intravesical morphine analgesia
Intravesical morphine analgesia after bladder surgery 124 (ab)

Intravesical oxybutynin
Pharmacokinetics of intravesical oxybutynin for neurogenic bladder dysfunction 48 (supl/ab)

Ischemic injury
Hemorrhagic shock-induced changes in the cathepsin D activity in the intestinal wall and blood serum in rats 288 (or)

J

Jejunostomy
Jejunostomy with replaceable feeding tube: A new technique 122 (ab)

Jeune's thoracic dystrophy
Jeune's asphyxiating thoracic dystrophy of the newborn 100 (cr)

Jones technique
Benefits of laparoscopy and the Jones technique for the nonpalpable testis 192 (ab)

Juvenile dermatomyositis
Tumoral calcinosis and atypical juvenile dermatomyositis: Case report 382 (cr)

K

Kasai's operation
Long-term results and clinical problems after portoenterostomy in patients with biliary atresia 142 (or)
A multivariable risk factor analysis of the portoenterostomy (Kasai) procedure for biliary atresia. Twenty-five years of experience from two centers 191 (ab)

Kasai's operation; complication
Long-term results and clinical problems after portoenterostomy in patients with biliary atresia 142 (or)

L

Laparoscopic Nissen fundoplication
Increased mediastinal pressure and decreased cardiac output during laparoscopic Nissen fundoplication 190 (ab)

Laparoscopy-assisted pediatric reconstruction procedures
Laparoscopy-assisted pediatric reconstruction procedures 71 (supl/shr)

Laparoscopy
Benefits of laparoscopy and the Jones technique for the nonpalpable testis 192 (ab)
Meckel's diverticulum and laparoscopy of children. What's new? 26 (or)
Treatment of small-bowel obstruction by laparoscopy in children multicentric study 343 (or)

L1-associated development disorder
The pachygyria-polymicrogyria spectrum of cortical dysplasia in X-linked hydrocephalus 10 (supl/or)

Latex allergy
High prevalence of sensitization to inhalant allergens in patients with myelomeningocele allergic to latex products 67 (supl/shr)

Latex sensitization; prophylaxis
Effects of prophylaxis on latex sensitization in children with spina bifida 59 (supl/shr)

Leiomyomatosis
Esophageal leiomyomatosis in children: Report of a case and review of the literature 358 (cr)

Lethal spotted mouse
Functional and morphological examination of ganglionic and aganglionic distal gut from the lethal spotted mouse 234 (or)

Lipoma; late effects of early surgery
Late effects of early surgery on lipoma and lipomeningocele in children less than 1-year-old 123 (ab)

Lipomeningocele; late effects of early surgery
Late effects of early surgery on lipoma and lipomeningocele in children less than 1-year-old 123 (ab)

Liver
Blood transfusion requirements in children with blunt spleen and liver injuries 322 (or)

Liver transplantation
Anaesthesia for liver transplantation in cystic fibrosis patients 278 (or)
Does hepatocyte transplantation in a chemically induced acute hepatic failure make sense? 224 (or)

Liver tumor; malignant
Thirty-eight years experience of malignant hepatic tumors in infants and childhood 17 (or)

Lobar lung transplantation
Reduced-size lung transplantation from adult to neonatal swine 268 (or)

Local infection; treatment
Cancrum oris (noma) in children 47 (cr)

Locus of control
Mother and teacher reports of behaviour and perceived self-competence of children with hydrocephalus 5 (supl/or)

Long-term survival
Long-term results and clinical problems after portoenterostomy in patients with biliary atresia 142 (or)

Lung; bilateral congenital cystic adenomatoid malformation
Bilateral and multilobar cystic adenomatoid malformation of the lung 364 (cr)

Lung transplantation
Inhaled nitric oxide in patients with cystic fibrosis during preoperative evaluation and during anaesthesia for lung transplantation 262 (or)
Reduced-size lung transplantation from adult to neonatal swine 268 (or)

Lung transplantation; options
Timing and priorities for cystic fibrosis patients candidates to lung transplantation 274 (or)

Lung transplantation; postoperative results
Lung transplantation for cystic fibrosis 208 (or)

M

Macroplastique
Changes of urinary enzyme activity after endoscopic treatment of vesico-ureteric reflux 244 (or)

Magnetic resonance imaging
Differential ventricular expansion in hydrocephalus 39 (supl/or)
Ectopic vaginal insertion of an upper pole ureter: Demonstration by special sequences of magnetic resonance imaging 192 (ab)

Malformation
Severe malformations in infant born to hyperthyroid woman on methimazole 190 (ab)

Malignant melanoma
Cutaneous malignant melanoma in children and adolescents in Scotland, 1979–1991 127 (ab)

Malone procedure
Control of fecal incontinence: Continued success with the Malone procedure 320 (ab)

Maternal hyperthyreosis
Severe malformations in infant born to hyperthyroid woman on methimazole 190 (ab)

Mathieu procedure
Modified-Mathieu's technique: A variation of the classic procedure for hypospadias surgical repair 98 (or)

Meckel's diverticulum
Meckel's diverticulum and laparoscopy of children. What's new? 26 (or)

Median sternotomy
Factors affecting hypertrophic scar development in median sternotomy incisions for congenital cardiac surgery 320 (ab)

Mediastinal pressure
Increased mediastinal pressure and decreased cardiac output during laparoscopic Nissen fundoplication 190 (ab)

Megacolon
Desmosis of the colon: A working hypothesis of primary chronic constipation 299 (or)

Megaureter; congenital
Conservative treatment in primary neonatal megaureter 347 (or)

Melorheostosis
Melorheostosis: Complications of a tibial lengthening with the Ilizarov apparatus 186 (cr)

Meningomyelocele
Anatomy of the spinal cord in patients with meningomyelocele with and without hypoplasia or hydromyelia 18 (supl/or)

Mesenteric blood
Hemorrhagic shock-induced changes in the cathepsin D activity in the intestinal wall and blood serum in rats 288 (or)

Mesenteric fibromatosis
Mesenteric fibromatosis 107 (cr)

Metastasis
A metastasizing model of anaplastic human Wilms tumor in the nude mouse 295 (or)

Metatarsal osteotomy
Hallux valgus in young patients: Comparison of soft-tissue realignment and metatarsal osteotomy 42 (or)

Metatarsus primus varus
Hallux valgus in young patients: Comparison of soft-tissue realignment and metatarsal osteotomy 42 (or)

Methimazole
Severe malformations in infant born to hyperthyroid woman on methimazole 190 (ab)

Micrognathia
Oro-palatal dysplasia Bettex-Graf – a new syndrome 4 (or)

Microstomia
Oro-palatal dysplasia Bettex-Graf – a new syndrome 4 (or)

Minimally conjoined twins
Minimally conjoined omphalopagus twinning: A case report 368 (cr)

Monitoring; shunt pressure
Overnight shunt pressure monitoring in children 49 (supl/or)

Morphological examination
Functional and morphological examination of ganglionic and aganglionic distal gut from the lethal spotted mouse 234 (or)

Morphometry of the spleen
Partial splenectomy, transposition of the spleen to the abdominal wall or splenohepatoplasty in portal hypertensive rats. Effects on portal venous pressure and homeostasis – microscopical appearance of the transposed spleen 155 (or)

Mortality determinants; pediatric burns
Mortality determinants in massive pediatric burns 190 (ab)

MRI
Differential ventricular expansion in hydrocephalus 39 (supl/or)
Ectopic vaginal insertion of an upper pole ureter: Demonstration by special sequences of magnetic resonance imaging 192 (ab)

Mucosa transplantation
Autogenic allotopic small-bowel mucosa transplantation in beagles. A new perspective for treatment of small-bowel syndrome? 230 (or)

Multicystic kidney
Multicystic kidney joined to the homolateral testis by an ectopic vas deferens: Embryological hypothesis for a new description 178 (cr)

Myelomeningocele
Anatomy of the spinal cord in patients with meningomyelocele with and without hypoplasia or hydromyelia 18 (supl/or)
Factors related to intelligence in myelomeningocele 73 (supl/ab)
High prevalence of sensitization to inhalant allergens in patients with myelomeningocele allergic to latex products 67 (supl/shr)
A longitudinal study of cognitive abilities and achievement status of children with myelomeningocele and their relationship with clinical types 52 (supl/or)
Nutritional survey of children and adolescents with myelomeningocele (MMC): Overweight associated with reduced energy intake 34 (supl/or)
Pre-natal brain development of fetuses with a myelomeningocele 15 (supl/or)
Sexuality and reproductive issues in children with myelomeningocele 29 (or)
Surgical treatment of scoliosis associated with myelomeningocele 22 (supl/or)

Myelomeningocele; cortical function impairments
A conceptual model of higher cortical function impairments in myelomeningocele 69 (supl/shr)

Myelomeningocele; endocrinological disorders
Endocrinological disorders in children with myelomeningocele 75 (supl/ab)

Myelomeningocele; intracranial hypertension
Oligosymptomatic intracranial hypertension in myelomeningocele (MMC) patients never shunted. Results of a prospective study 76 (supl/ab)

Myelomeningocele; mobility
Ambulation and mobility in children with meningomyelocele 74 (supl/ab)

Myelomeningocele; shunt complication
Shunt complications in myelomeningocele (MMC) 74 (supl/ab)

Myelomeningocele; walking acquisition
Myelomeningocele: Notable factors involved in walking acquisition. Review of 79 patients 73 (supl/ab)

Myocyte proliferation
Hemodynamic alteration by fetal surgery accelerates myocyte proliferation in fetal guinea pig hearts 121 (ab)

N

Necrotizing enterocolitis
Morphologic alterations of the enteric nervous system and deficiency of non-adrenergic non-cholinergic inhibitory innervation in neonatal necrotizing enterocolitis 87 (or)

Neodymium: YAG laser
Treatment of cyclophosphamide-induced hemorrhage cystitis with neodymium: YAG laser in pediatric patients 127 (ab)

Neonatal hepatitis
Ultrasonographic "triangular cord": The most definitive finding for noninvasive diagnosis of extrahepatic biliary atresia 12 (or)

Neonate surgical management
Surgical management of uterine prolapse in an infant 119 (cr)

Nephroblastoma; surgical complication
Rarity of surgical complications after postchemotherapy nephrectomy for nephroblastoma. Experience of the International Society of Paediatric Oncology - trial and study "SIOP-9" 83 (or)

Neural cell adhesion molecules
The pachygyria-polymicrogyria spectrum of cortical dysplasia in X-linked hydrocephalus 10 (supl/or)

Neural tube defect
Mutations of folic acid receptor alpha in neural tube defects 9 (supl/ab)

Neural tube defect; prevention
Minimum effective dose of folic acid for food fortification to prevent neural-tube defects 320 (ab)

Neural tube defect; risk factors
Risk factors for neural tube defects 75 (supl/ab)

Neurochemistry
Clinical, gross morphological and neurochemical follow-up in normal, hydrocephalic and hydrocephalic-shunted rats 258 (or)

Neurocranium
Clinical, gross morphological and neurochemical follow-up in normal, hydrocephalic and hydrocephalic-shunted rats 258 (or)

Neurogenic bladder
Treatment of vesico-ureteric reflux in the neurogenic bladder. Surgical versus endoscopic correction 54 (supl/ab)

Neurogenic bladder dysfunction
Pharmacokinetics of intravesical oxybutynin for neurogenic bladder dysfunction 48 (supl/ab)
Surgical versus endoscopic correction of vesicoureteral reflux in children with neurogenic bladder dysfunction 192 (ab)

Neurological dysfunction above cele level
Neurological dysfunction above cele level in children with spina bifida cystica 64 (supl/shr)

Neuronal intestinal dysplasia
Morphologic alterations of the enteric nervous system and deficiency of non-adrenergic non-cholinergic inhibitory innervation in neonatal necrotizing enterocolitis 87 (or)

Neuronal nitric oxide synthase
Induction of neuronal nitric oxide synthase during the late stage of congenital hydrocephalus in the HTx rat 14 (supl/ab)

Neuropathic bladder
Neurovesical dysfunction in patients with anorectal malformations 95 (or)

Nissen fundoplication
Delayed gastric emptying affects outcome of Nissen fundoplication in neurologically impaired children 191 (ab)
Increased mediastinal pressure and decreased cardiac output during laparoscopic Nissen fundoplication 190 (ab)

Nissen fundoplication; re-operation
Reoperation after Nissen fundoplication in children with gastroesophageal reflux 191 (ab)

Nissen-Rosetti fundoplication
Function of pediatric Nissen-Rosetti fundoplication follwed up into adolescence and adulthood 121 (ab)

Nitric oxide
Inhaled nitric oxide in patients with cystic fibrosis during preoperative evaluation and during anaesthesia for lung transplantation 262 (or)

Nitric oxide synthase
Induction of neuronal nitric oxide synthase during the late stage of congenital hydrocephalus in the HTx rat 14 (supI/ab)

Nocturnal incontinence
Desmopressin for nocturnal incontinence in the spina bifida population 192 (ab)

Noma
Cancrum oris (noma) in children 47 (cr)

Non-adrenergic non-cholinergic innervation
Morphologic alterations of the enteric nervous system and deficiency of non-adrenergic non-cholinergic inhibitory innervation in neonatal necrotizing enterocolitis 87 (or)

Nonpalpable testis
Benefits of laparoscopy and the Jones technique for the nonpalpable testis 192 (ab)

Nude mouse
A metastasizing model of anaplastic human Wilms tumor in the nude mouse 295 (or)

Nutritional status
Nutritional survey of children and adolescents with myelomeningocele (MMC): Overweight associated with reduced energy intake 34 (supI/or)

O

Obesity
Nutritional survey of children and adolescents with myelomeningocele (MMC): Overweight associated with reduced energy intake 34 (supI/or)

Obstructive hydrocephalus; palliative treatment
Palliative treatment of obstructive hydrocephalus - With or without shunt? 75 (supI/ab)

Obstructive renal disease
Transient pseudohypoaldosteronism in obstructive renal disease 174 (cr)

Obstructive uropathy
Renal Doppler ultrasound in children with obstructive uropathy: Effect of intravenous normal saline fluid load and furosemide 124 (ab)
Results of urinary tract reconstruction in boys with end stage bladders resulting from obstructive uropathy 122 (ab)

Occult spinal dysraphism
The onset of urological symptoms at puberty in occult spinal dysraphism 33 (supI/ab)
Pre-natal diagnosis of occult spinal dysraphism by ultrasonography and post-natal evaluation by MR scanning 31 (supI/or)

Omphalocele
Budd-Chiari syndrome following repair of a giant omphalocele 371 (cr)
A complex, high cloacal malformation: Case report 182 (cr)
Giant omphalocele filled by a duplication cyst 315 (cr)

Omphalopagus
Minimally conjoined omphalopagus twinning: A case report 368 (cr)

Optic nerve sheath ultrasonography
Optic nerve sheath (ONS) ultrasonography - A window to assess intracranial pressure in hydrocephalus 74 (supI/ab)

Orchidopexy
Effect of preoperative human chorionic gonadotropin in intra-abdominal rat testes undergoing standard and Fowler-Stephens orchidopexy 126 (ab)

Organ procurement
Reduced-size lung transplantation from adult to neonatal swine 268 (or)

Oro-palatal dysplasia
Oro-palatal dysplasia Bettex-Graf – a new syndrome 4 (or)

Orthoses
Presentation of GTB orthoses for hyperlordotic treatment of idiopathic scoliosis 163 (or)

Overdrainage
Pitfalls in shunting of hydrocephalus – clinical reality and improvement by the hydrostatic dual-switch valve 26 (supI/or)

Oxybutynin
Pharmacokinetics of intravesical oxybutynin for neurogenic bladder dysfunction 48 (supI/ab)

P

Pachygyria
The pachygyria-polymicrogyria spectrum of cortical dysplasia in X-linked hydrocephalus 10 (supI/or)

Pantaloon spica cast
Pantaloon spica cast: An effective method for postoperative immobilization after free graft hypospadias repair 191 (ab)

Parenteral nutrition
Bacterial translocation and T-lymphocyte populations in experimental short-bowel syndrome 247 (or)

Partial splenectomy
The role of partial splenectomy in children with thalassemia 334 (or)

PDLLA implants
Stimulation of fracture healing by local application of humoral factors integrated in biodegradable implants 251 (or)

Pediatric burns
Efficacy of cultured epithelial autografts in pediatric burns and reconstructive surgery 121 (ab)
Mortality determinants in massive pediatric burns 190 (ab)

Pediatric reconstruction procedures; laparoscopy-assisted
Laparoscopy-assisted pediatric reconstruction procedures 71 (supI/shr)

Pediatric splenic trauma
Use of abdominal ultrasonography to assess pediatric splenic trauma 122 (ab)

Pelvic fracture
Immediate management of posterior urethral disruptions due to pelvic fracture: Therapeutic alternatives 123 (ab)

Penile procedure
Electrosurgery for routine pediatric penile procedures 122 (ab)

Penile shaft amputation
A serious circumcision complication: Penile shaft amputation and a new reattachment technique with a successful outcome 123 (ab)

Percutaneous cystolithotomy
Percutaneous cystolithotomy with endotracheal tube tract dilatation after urinary tract reconstruction 124 (ab)

Percutaneous endopyelotomy
Long-term results of percutaneous endopyelotomy in the treatment of children with failed open pyeloplasty 320 (ab)

Pericardial defect
Tubular esophageal duplication associated with esophageal stenosis, pericardial aplasia, diaphragmatic hernia, ramification anomaly of lower lobe bronchus and partial pancreas anulare 102 (cr)

Periurethral collagen injection
Periurethral collagen injection for the treatment of urinary incontinence in children 126 (ab)

Peroneal nerve compression
Compression of the peroneal nerve by a cyst in a seven-year-old child 61 (cr)

Phase contrast MRI
Phase contrast MRI assessment of thoraco-lumbar spinal cord motion in spinal dysraphism 60 (supI/shr)

Playground
Safety of surfaces and equipment for children in playgrounds 121 (ab)

^{31}P-MRS
In vivo ^{1}H and ^{31}P MRS metabolite ratios in experimental hydrocephalus 54 (supI/ab)

Polymicrogyria
The pachygyria-polymicrogyria spectrum of cortical dysplasia in X-linked hydrocephalus 10 (supI/or)

Polytetrafluoroethylene giant granuloma
Polytetrafluoroethylene giant granuloma and adenopathy: Long-term complications following subureteral polytetrafluoroethylene injection (STING) for the treatment of vesicoureteral reflux in children 320 (ab)

Portal hypertension
Partial splenectomy, transposition of the spleen to the abdominal wall or splenohepatoplasty in portal hypertensive rats. Effects on portal venous pressure and homeostasis – microscopical appearance of the transposed spleen 155 (or)
Spleno-caval shunt in children using internal jugular vein graft: A case report 58 (cr)

Portal venous pressure
Partial splenectomy, transposition of the spleen to the abdominal wall or splenohepatoplasty in portal hypertensive rats. Effects on portal venous pressure and homeostasis – microscopical appearance of the transposed spleen 155 (or)

Porto-cholecystectomy
Relationship between intraoperative cholangiographic patterns and outcomes in biliary atresia 146 (or)

Portoenterostomy
A multivariable risk factor analysis of the portoenterostomy (Kasai) procedure for biliary atresia. Twenty-five years of experience from two centers 191 (ab)

Posterior urethral disruption
Immediate management of posterior urethral disruptions due to pelvic fracture: Therapeutic alternatives 123 (ab)

Posterior urethral valve
Early prognostic value of serum creatinine levels in children with posterior urethral valves 123 (ab)

Postnatal MR scanning
Pre-natal diagnosis of occult spinal dysraphism by ultrasonography and postnatal evaluation by MR scanning 31 (supI/or)

Pregnancy
Sexuality and reproductive issues in children with myelomeningocele 29 (or)

Prenatal diagnosis
Giant omphalocele filled by a duplication cyst 315 (cr)

Prenatal treatment
Amnio-allantoic fluid exchange for prevention of intestinal damage in gastroschisis II: Effects of exchange performed by using two different solutions 308 (or)

Pre-natal ultrasonography
Pre-natal diagnosis of occult spinal dysraphism by ultrasonography and postnatal evaluation by MR scanning 31 (supI/or)

Prepubic sinus
Congenital prepubic sinus: Possible variant of dorsal urethral duplication 380 (cr)

Preservation of ileocaecal valve
Treatment of total colonic aganglionosis by a modified Martin procedure – a preliminary report 317 (cr)

Pressure sores
Pressure sores and wounds in the adult spina bifida population 74 (supI/ab)

Primary megaureter
Conservative treatment in primary neonatal megaureter 347 (or)

Processus vaginalis
Incomplete disappearance of the processus vaginalis as a cause of ascending testis 126 (ab)

Prostatic utricle; infected
Endoscopic management of infected enlarged prostatic utricles and remnants of rectourethral fistula tracts of high imperforate anus 126 (ab)

Prosthetic patch
Recurrent congenital diaphragmatic hernia; Which factors are involved? 329 (or)

Prune-belly syndrome
Long-term results of renal transplantation in children with the prune-belly syndrome 125 (ab)

Pseudohypoaldosteronism
Transient pseudohypoaldosteronism in obstructive renal disease 174 (cr)

Psoas abscess
Rectal drainage: Unusual evolution of a psoas abscess 111 (cr)

Puberty
The onset of urological symptoms at puberty in occult spinal dysraphism 33 (supI/ab)

Pulmonary contusion
Pulmonary contusion: Are children different? 121 (ab)

Puncture-site occlusion
First clinical evaluation of a new concept for puncture-site occlusion in interventional cardiology and angioplasty 220 (or)

Pyelonephritis
Pyelonephritis and vesicoureteral reflux after renal transplantation in young children 124 (ab)

Pyeloplasty
Long-term results of percutaneous endopyelotomy in the treatment of children with failed open pyeloplasty 320 (ab)

Pyloric stenosis; surgery
Surface umbilical pyloromyotomy 81 (or)

R

Radionuclide cystography
Interest of direct radionuclide cystography in repeated urinary tract infection exploration in childhood 339 (or)

Radionuclide scan
Conservative treatment in primary neonatal megaureter 347 (or)

Rat
Cryopreservation and transplantation of fetal adrenal glands in adrenalectomized rats 240 (or)
Effects of glucose on chemically induced acute hepatic failure in rats 282 (or)
Hemorrhagic shock-induced changes in the cathepsin D activity in the intestinal wall and blood serum in rats 288 (or)
Murine duodenum does not go through a "solid core" stage in its embryological development 212 (or)

Recovery
Clinical, gross morphological and neurochemical follow-up in normal, hydrocephalic and hydrocephalic-shunted rats 258 (or)

Rectal prolapse
Cystic duplication of the rectum – report on two clinical cases 170 (cr)

Rectourethral fistula
Endoscopic management of infected enlarged prostatic utricles and remnants of rectourethral fistula tracts of high imperforate anus 126 (ab)

Rectovaginal fistula
A complex, high cloacal malformation: Case report 182 (cr)

Recurrent diaphragmatic hernia
Recurrent congenital diaphragmatic hernia; Which factors are involved? 329 (or)

Reduced-size lung transplantation
Reduced-size lung transplantation from adult to neonatal swine 268 (or)

Reflux nephropathy
Early versus late surgical management of fetal reflux nephropathy 122 (ab)

Renal cyst
A rare case of bilateral multilocular renal cysts 124 (ab)

Renal Doppler ultrasound
Renal Doppler ultrasound in children with obstructive uropathy: Effect of intravenous normal saline fluid load and furosemide 124 (ab)

Renal pelvis; clear cell melanoma
Clear cell melanoma of the renal pelvis presenting as a primary tumor 127 (ab)

Renal transplantation
Pyelonephritis and vesicoureteral reflux after renal transplantation in young children 124 (ab)

Renal transplantation; long-term results
Long-term results of renal transplantation in children with the prune-belly syndrome 125 (ab)

Renal ultrasonography
Renal ultrasonography in newborns with prenatally detected hydronephrosis: Why wait? 125 (ab)

Replaceable feeding tube
Jejunostomy with replaceable feeding tube: A new technique 122 (ab)

Reproduction
Sexuality and reproductive issues in children with myelomeningocele 29 (or)

Respiratory insufficiency
Jeune's asphyxiating thoracic dystrophy of the newborn 100 (cr)

Retroperitoneal abscess
Rectal drainage: Unusual evolution of a psoas abscess 111 (cr)

Rotavirus
Progress in developing animal models for biliary atresia 137 (or)

S

Sacral agenesis
Sacral agenesis: Consequences of late presentation 42 (supl/ab)

Scoliosis
Presentation of GTB orthoses for hyperlordotic treatment of idiopathic scoliosis 163 (or)

Scoliosis in myelomeningocele
Surgical treatment of scoliosis associated with myelomeningocele 22 (supl/or)

Self-competence
Mother and teacher reports of behaviour and perceived self-competence of children with hydrocephalus 5 (supl/or)

Sensitization to inhalant allergens
High prevalence of sensitization to inhalant allergens in patients with myelomeningocele allergic to latex products 67 (supl/shr)

Serum bilirubin
Long-term results and clinical problems after portoenterostomy in patients with biliary atresia 142 (or)

Serum creatinine level
Early prognostic value of serum creatinine levels in children with posterior urethral valves 123 (ab)

Sexual function
Sexuality and reproductive issues in children with myelomeningocele 29 (or)

Short-bowel syndrome
Autogenic allotopic small-bowel mucosa transplantation in beagles. A new perspective for treatment of small-bowel syndrome? 230 (or)
Bacterial translocation and T-lymphocyte populations in experimental short-bowel syndrome 247 (or)

Shunt
Palliative treatment of obstructive hydrocephalus - With or without shunt? 75 (supl/ab)

Shunt complication
Shunt complications in myelomeningocele (MMC) 74 (supl/ab)

Shunt dysfunction
Overnight shunt pressure monitoring in children 49 (supl/or)

Shunt infection
CSF-shunt infection in paediatric patients with hydrocephalus 76 (supl/ab)
Does age or other factors influence the incidence of shunt infection? 76 (supl/ab)

Shunt nephritis
Shunt nephritis: Fortuitous diagnosis and confirmation by serology (ASET) 66 (supl/shr)

Shunt pressure monitoring
Overnight shunt pressure monitoring in children 49 (supl/or)

Shunted hydrocephalus
Laparoscopy-assisted abdominal shunt revisions in children with hydrocephalus 60 (supl/shr)

A longitudinal study of cognitive abilities and achievement status of children with myelomeningocele and their relationship with clinical types 52 (supl/or)
Quantitative assessment of intracranial pressure by the tympanic membrane displacement audiometric technique in children with shunted hydrocephalus 200 (or)

Shunting
Clinical, gross morphological and neurochemical follow-up in normal, hydrocephalic and hydrocephalic-shunted rats 258 (or)

Situs inversus; abdominal
Abdominal situs inversus with congenital duodenal stenosis: Rare association 55 (cr)

Somatostatin
Expression of cholecystokinin and somatostatin in the cortex of hydrocephalic and normal HTx rats 65 (supl/shr)

Spina bifida
Anatomy of the spinal cord in patients with meningomyelocele with and without hypoplasia or hydromyelia 18 (supl/or)
Bladder autoaugmentation in spina bifida: Selection of patients and follow-up in 12 cases 17 (supl/ab)
Bowel dysfunction in spina bifida - an American experience with the ACE procedure 37 (supl/or)
Desmopressin for nocturnal incontinence in the spina bifida population 192 (ab)
Editorial 3 (supl/ed)
Effects of prophylaxis on latex sensitization in children with spina bifida 59 (supl/shr)
A longitudinal study of cognitive abilities and achievement status of children with myelomeningocele and their relationship with clinical types 52 (supl/or)
Surgical treatment of scoliosis associated with myelomeningocele 22 (supl/or)
Urolithiasis in spina bifida 68 (supl/shr)

Spina bifida cystica
Neurological dysfunction above cele level in children with spina bifida cystica 64 (supl/shr)

Spina bifida; employment
A study on schooling, education and employment for people with spina bifida 48 (supl/ab)

Spina bifida; pressure sores
Pressure sores and wounds in the adult spina bifida population 74 (supl/ab)

Spinal cord
Anatomy of the spinal cord in patients with meningomyelocele with and without hypoplasia or hydromyelia 18 (supl/or)

Spinal dysraphism
Phase contrast MRI assessment of thoraco-lumbar spinal cord motion in spinal dysraphism 60 (supl/shr)

Spleen
Blood transfusion requirements in children with blunt spleen and liver injuries 322 (or)

Spleen; morphometry
Partial splenectomy, transposition of the spleen to the abdominal wall or splenohepatoplasty in portal hypertensive rats. Effects on portal venous pressure and homeostasis – microscopical appearance of the transposed spleen 155 (or)

Splenic transposition
Partial splenectomy, transposition of the spleen to the abdominal wall or splenohepatoplasty in portal hypertensive rats. Effects on portal venous pressure and homeostasis – microscopical appearance of the transposed spleen 155 (or)

Splenic trauma
Management of blunt splenic trauma: Significant differences between adults and children 191 (ab)
Use of abdominal ultrasonography to assess pediatric splenic trauma 122 (ab)

Spleno-caval shunt
Spleno-caval shunt in children using internal jugular vein graft: A case report 58 (cr)

Splenohepatoplasty
Partial splenectomy, transposition of the spleen to the abdominal wall or splenohepatoplasty in portal hypertensive rats. Effects on portal venous pressure and homeostasis – microscopical appearance of the transposed spleen 155 (or)

Steroids
A critique of systemic steroids in the management of caustic esophageal burns in children 71 (or)

Stimulation of bone healing
Stimulation of fracture healing by local application of humoral factors integrated in biodegradable implants 251 (or)

Subcutaneous calcification
Tumoral calcinosis and atypical juvenile dermatomyositis: Case report 382 (cr)

Surfaces
Safety of surfaces and equipment for children in playgrounds 121 (ab)

Surgical management
Surgical management of uterine prolapse in an infant 119 (cr)

Swine
Reduced-size lung transplantation from adult to neonatal swine 268 (or)

Synovial cyst
Compression of the peroneal nerve by a cyst in a seven-year-old child 61 (cr)

Systemic blood
Hemorrhagic shock-induced changes in the cathepsin D activity in the intestinal wall and blood serum in rats 288 (or)

T

Technetium-99m-pertechnetate scintigraphy
Disseminated islands of gastric mucosa in jejunum and ileum detected by technetium-99m-pertechnetate scintigraphy 191 (ab)

Teratoma
Teratoma in an undescended testis detected prenatally 192 (ab)

Testicular growth arrest
Varicocele treatment in pubertal boys prevents testicular growth arrest 122 (ab)

Testicular re-ascent
Late presentation of cryptorchidism: The etiology of testicular re-ascent 126 (ab)

Testosterone biosynthetic pathway; defect
Defects of the testosterone biosynthetic pathway in boys with hypospadias 127 (ab)

Tethered cord
Anatomy of the spinal cord in patients with meningomyelocele with and without hypoplasia or hydromyelia 18 (supl/or)
Closed spinal dysraphism and tethered cord: Upper motor neuron sign detection as a major decision criterion for neurosurgical release 42 (supl/ab)

Thalassemia
The role of partial splenectomy in children with thalassemia 334 (or)

Third ventriculostomy; neuroendoscopic
Primary neuroendoscopic third ventriculostomy in patients less than one year old 9 (supl/ab)

Thoracic dystrophy
Jeune's asphyxiating thoracic dystrophy of the newborn 100 (cr)

Thoraco-lumbar spinal cord motion
Phase contrast MRI assessment of thoraco-lumbar spinal cord motion in spinal dysraphism 60 (supl/shr)

Thoracopulmonary tumor
Askin tumors in children: A report of four cases 312 (cr)

Tibial fracture
External fixation of lower limb fractures in children 35 (or)

Tibial lengthening; complication
Melorheostosis: Complications of a tibial lengthening with the Ilizarov apparatus 186 (cr)

Tissue donors
Reduced-size lung transplantation from adult to neonatal swine 268 (or)

Tissue engineering
Formation of spheroidal aggregates of hepatocytes on biodegradable polymers under continuous-flow bioreactor conditions 195 (or)

T-lymphocytes
Bacterial translocation and T-lymphocyte populations in experimental short-bowel syndrome 247 (or)

Toupet fundoplication
Modified Toupet wrap for gastroesophageal reflux in childhood 75 (or)

Tracheoesophageal fistula
Congenital esophageal atresia successfully treated by early ligation of a tracheoesophageal fistula and delayed repair of the esophagus in a premature infant: Report of a case 190 (ab)

Tracheomalacia
Utility of helical CT for diagnosis and operative planning in tracheomalacia after repair of esophageal atresia 355 (cr)

Transient pseudohypoaldosteronism
Transient pseudohypoaldosteronism in obstructive renal disease 174 (cr)

Transitional cell carcinoma; bladder
Transitional cell carcinoma of the bladder in the pediatric patient 127 (ab)

Transplant candidates
Inhaled nitric oxide in patients with cystic fibrosis during preoperative evaluation and during anaesthesia for lung transplantation 262 (or)

Triangular cord
Ultrasonographic "triangular cord": The most definitive finding for noninvasive diagnosis of extrahepatic biliary atresia 12 (or)

Tuberculous meningitis
Hydrocephalus in tuberculous meningitis: How good is the outcome and what affects the results? 75 (supl/ab)

Tubular esophageal duplication
Tubular esophageal duplication associated with esophageal stenosis, pericardial aplasia, diaphragmatic hernia, ramification anomaly of lower lobe bronchus and partial pancreas anulare 102 (cr)

Tumoral calcinosis
Tumoral calcinosis and atypical juvenile dermatomyositis: Case report 382 (cr)

Two-compound fibrin glue
First clinical evaluation of a new concept for puncture-site occlusion in interventional cardiology and angioplasty 220 (or)

Tympanic membrane displacement test
Quantitative assessment of intracranial pressure by the tympanic membrane displacement audiometric technique in children with shunted hydrocephalus 200 (or)

U

Ultrasonography
Use of abdominal ultrasonography to assess pediatric splenic trauma 122 (ab)

Ultrasound
Ultrasonographic "triangular cord": The most definitive finding for noninvasive diagnosis of extrahepatic biliary atresia 12 (or)

Ultrasound scanner
Torsion of vermiform appendix: Value of ultrasonographic findings 376 (cr)

Umbilicus
Heterotopic pancreatic tissue at umbilicus 373 (cr)
Surface umbilical pyloromyotomy 81 (or)

Undescended testis; teratoma
Teratoma in an undescended testis detected prenatally 192 (ab)

Upper fibulo-tibial joint
Compression of the peroneal nerve by a cyst in a seven-year-old child 61 (cr)

Upper pole ureter
Ectopic vaginal insertion of an upper pole ureter: Demonstration by special sequences of magnetic resonance imaging 192 (ab)

Urachal cyst; infected
The infected urachal cyst: Primary excision versus a staged approach 125 (ab)

Ureter; ectopic vaginal insertion
Ectopic vaginal insertion of an upper pole ureter: Demonstration by special sequences of magnetic resonance imaging 192 (ab)

Ureteral ectopia
Bilateral single ureteral ectopia: Difficulty attaining continence using standard bladder neck repair 126 (ab)

Urethral dilatation; treatment
Botulinum toxin: Novel treatment for dramatic urethral dilatation associated with dysfunctional voiding 123 (ab)

Urethral disruption
Immediate management of posterior urethral disruptions due to pelvic fracture: Therapeutic alternatives 123 (ab)

Urethral intubation; endoscopic technique
A peel away sheath endoscopic technique for difficult pediatric urethral intubation problems 123 (ab)

Urethral plate
Modified-Mathieu's technique: A variation of the classic procedure for hypospadias surgical repair 98 (or)

Urethral valve
Early prognostic value of serum creatinine levels in children with posterior urethral valves 123 (ab)

Urinary continence
The place of Mitrofanoff neourethra in the repair of exstrophy-epispadias complex 352 (or)

Urinary incontinence
Failure to obtain durable results with collagen implantation in children with urinary incontinence 127 (ab)
Periurethral collagen injection for the treatment of urinary incontinence in children 126 (ab)

Urinary tract infection
Interest of direct radionuclide cystography in repeated urinary tract infection exploration in childhood 339 (or)

Urinary tract reconstruction; results
Results of urinary tract reconstruction in boys with end stage bladders resulting from obstructive uropathy 122 (ab)

Urodynamics
Neurovesical dysfunction in patients with anorectal malformations 95 (or)

Urogenital sinus
A complex, high cloacal malformation: Case report 182 (cr)

Urolithiasis
Urolithiasis in spina bifida 68 (supI/shr)

Urological symptoms
The onset of urological symptoms at puberty in occult spinal dysraphism 33 (supI/ab)

Uropathy; obstructive
Results of urinary tract reconstruction in boys with end stage bladders resulting from obstructive uropathy 122 (ab)

Uterine prolapse
Surgical management of uterine prolapse in an infant 119 (cr)

V

Varicocele treatment
Varicocele treatment in pubertal boys prevents testicular growth arrest 122 (ab)

Vas deferens
Multicystic kidney joined to the homolateral testis by an ectopic vas deferens: Embryological hypothesis for a new description 178 (cr)

Ventricle volumen
The relation between CSF pressure and ventricular dilatation in hydrocephalic HTx rats 55 (supI/or)

Ventriculoatrial shunt
Shunt nephritis: Fortuitous diagnosis and confirmation by serology (ASET) 66 (supI/shr)

Ventriculomegaly
Differential ventricular expansion in hydrocephalus 39 (supI/or)

Ventriculomegaly; associated anomalies
Prenatally detected mild/moderate cerebral ventriculomegaly: Associated anomalies and outcome 70 (supI/shr)

Ventriculomegaly; outcome
Outcome and clinical course of prenatally diagnosed cerebral ventriculomegaly 63 (supI/shr)
Outcome of prenatally detected mild/moderate cerebral ventriculomegaly 72 (supI/shr)
Prenatally detected mild/moderate cerebral ventriculomegaly: Associated anomalies and outcome 70 (supI/shr)

Ventriculoperitoneal shunt
Pitfalls in shunting of hydrocephalus – clinical reality and improvement by the hydrostatic dual-switch valve 26 (supI/or)

Vesicointestinal fissure
A complex, high cloacal malformation: Case report 182 (cr)

Vesicoureteral reflux
Experience with vesicoureteral reflux in children: Clinical characteristics 124 (ab)
Pyelonephritis and vesicoureteral reflux after renal transplantation in young children 124 (ab)
Surgical versus endoscopic correction of vesicoureteral reflux in children with neurogenic bladder dysfunction 192 (ab)

Vesico-ureteric reflux
Changes of urinary enzyme activity after endoscopic treatment of vesico-ureteric reflux 244 (or)
Interest of direct radionuclide cystography in repeated urinary tract infection exploration in childhood 339 (or)
Polytetrafluoroethylene giant granuloma and adenopathy: Long-term complications following subureteral polytetrafluoroethylene injection (STING) for the treatment of vesicoureteral reflux in children 320 (ab)
Treatment of vesico-ureteric reflux in the neurogenic bladder. Surgical versus endoscopic correction 54 (supI/ab)

Volumetric
Differential ventricular expansion in hydrocephalus 39 (supI/or)

W

Wilms tumor; models
A metastasizing model of anaplastic human Wilms tumor in the nude mouse 295 (or)

Wolffian duct
Multicystic kidney joined to the homolateral testis by an ectopic vas deferens: Embryological hypothesis for a new description 178 (cr)

X

X-linked hydrocephalus
The pachygyria-polymicrogyria spectrum of cortical dysplasia in X-linked hydrocephalus 10 (supI/or)
